

BK770-W

Specification Sheet

USE

Suitable for all commercial facilities where hand hygiene is required.

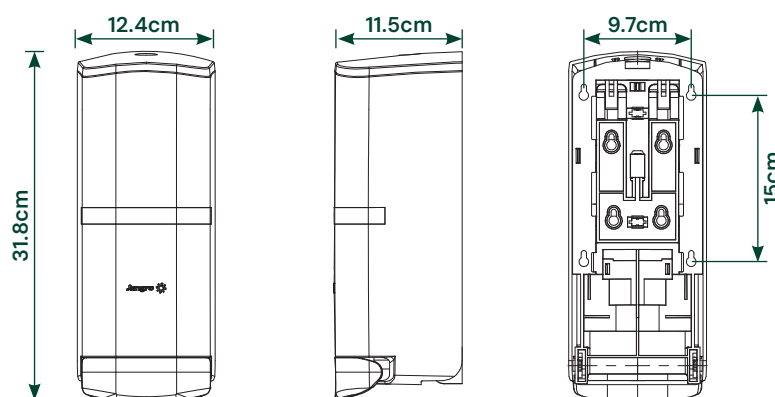

DESCRIPTION

A robust 1-litre pouch dispenser for liquid soap, with a modern matt finish. Features manual operation, removable nozzles for easy cleaning and a viewing window for quick refill checks.

FEATURES AND BENEFITS

- Designed to fit hygienically sealed liquid soap pouch
- Manual push operation
- Removeable nozzles for accessible cleaning
- Robust unit with a modern matt finish
- Designed with high capacity in mind to perform reliably in heavy footfall environments
- Flush-mounted fitting to walls improves hygiene standards, eliminating gaps and areas where dust and moisture can accumulate
- Visual level indicator to identify when refill required via wrap around window
- Built-in spirit level ensures level mounting
- Easy fit bracket with precision levelling measurement (optional extra)
- Universal key fits the entire dispenser range
- Optional lockable or unlockable mechanism
- Dosage size of 1.5ml
